1.5 Event & Project Planning, Supervision & Risk Assessment

- The Hunt Academy For Young Actors recognises that making arrangements for proper supervision of children is one of the most effective ways of minimising opportunities for children to suffer harm whilst in our care.

1.5.1 Planning

- Planning should ensure that all children should be adequately supervised and engaged in suitable activities at all times.
- Organisers should obtain, a contract agreement in which parents/carers should provide consent to children joining the organised event/project.
- Parents/carers should be informed of the role of their child(ren) in the event or project.
- Organisers should select a safe and secure performing environment for both rehearsals and performances.

1.5.2 Supervision

- Children must be supervised at all times, by a licensed chaperone and/or a DBS checked adult.
- Chaperones should know at all times where the children are and what they are doing.
- Dangerous behaviour by children should not be allowed.

1.5.3 Risk Assessment in relation to Child Protection

The principle of the risk assessment is to consider:

- The potential hazards associated with the Event/Project
- The potential persons harmed and how we can identify measures to reduce the risk
- The solutions required to prevent such hazards

Once this is done:

- We can allocate roles to monitor and manage child protection
- Risk Assessments should be carried out for every event/project.

1.6 Photographic Procedures

- Always use a parental permission form to obtain consent for a child to be photographed/videoed.
- Where possible, obtain the child’s permission to use their image.
- Only use images for the specific purpose, which has been agreed with the parents/carers and child. Additional use without specific permission is not acceptable.
- All images of children must be stored safely and securely. Storing them in limited access files on your computer is advisable.
- Only use images of children in suitable dress to reduce the risk of inappropriate use.
- Address the use of images of children on the organisation’s website and with agencies who use our photographs in publicity material. Avoid personal information about children, which could be used by an individual to learn more about a child.
- Always issue written expectations of professional photographers or the press who are invited to an event, making clear the organisation’s expectations of them in relation to child protection.
- Do not allow photographers unsupervised access to children.
- Only approve photography sessions outside the event or at a child’s home with a parent or chaperone present

1.7 Recruitment Procedures

- The Hunt Academy For Young Actors has clearly defined recruitment procedures. In order to prevent unsuitable people working with children in the organisation, we will ensure:

- That posts are clearly defined and those necessitating an Enhanced Disclosure and Barring Service (DBS) check are clearly advertised as such.
- A copy of our Child Safeguarding Policy Statement will be sent with the recruitment literature for these posts.
- All applicants for these posts will be asked to sign a declaration stating that there is no reason why they would be considered unsuitable to work with children and MUST declare all previous convictions which are then subject to CRB checks, as well as any cases pending against them. All such information will be treated in confidence and will not be used against applicants unfairly.
- At interview for these posts, a question pertaining to good practice in Child Protection will be asked.
- Referees should be asked specifically about the applicant's suitability to work with children. It is acceptable to tell applicants for posts involving child safeguarding that you reserve the right to approach all of their past employers.

1.9 Other The Hunt Academy For Young Actors Policies Additional recommendations for Health and Safety in arts practice include:

- An appropriate number of legally responsible adults are present.
- There must be adequate space.
- There must be access to a telephone in the building.
- Equipment must meet safety standards.
- Risk assessments must be carried out.
- There must be a First Aid box which meets current Health and Safety (First Aid) regulations and a member of staff trained in First Aid.
- Regular and appropriate breaks for food and drinks are provided.
- Special needs are catered for.
- The artists/arts facilitators should know the evacuation procedures and should tell the group.
- Children and young people should have a 'named person' to whom they may report any worries or concerns.
- Contact names and telephone numbers for 'named people' should be visibly displayed.
- Staff and children should use separate toilets wherever possible, or if this is not possible, they should not use them at the same time as one another.

2. RESPONSE PROCEDURES

- The Hunt Academy for Young Actors recognises the importance of having clear procedures to enable staff to handle situations where an appropriate response is needed to a child protection concern.
- 2.1 Responding to a child disclosing abuse
 - Stay calm
 - Listen carefully to what is said
 - Find an appropriately early opportunity to explain that it is likely that the information will need to be shared with others – do not promise to keep secrets.
 - Allow the child to continue at his/her own pace
 - Ask questions for clarification only, and at all times avoid asking questions that suggest a particular answer.
 - Reassure the child that they have done the right thing in telling you.
 - Tell them what you will do next and with whom the information will be shared.
 - Record in writing what was said using the child's own words as soon as possible – note date, time, any names mentioned, to whom the information was given and ensure that the record is signed and dated.

- Contact your designated person **REMEMBER:** It is important that everyone in the organisation is aware that the person who first encounters a case of alleged or suspected abuse is not responsible for deciding whether or not abuse has occurred. That is a task for the professional child protection agencies following a referral to them of concern about a child. An accurate note should be made of:
 - Date and time of the incident or disclosure
 - Parties who were involved
 - What was said or done and by whom
 - Any action taken by the organisation to investigate the matter
 - Any further action eg suspension of a worker
 - Where relevant, reasons why there is no referral to a statutory agency
 - Names of persons reporting and to whom reported The record should be clear and factual as it may be needed by child protection agencies investigating the incident and may, in the future, be used as evidence in court. Keeping such a record may also help protect The Hunt Academy For Young Actors

2.2 Confidentiality Policy, and Retention and Storage of documentation

- As a general rule, all personal information that is acquired or held in the course of working with children and young people should be treated as confidential and stored securely.
- Particular care should be taken with sensitive information.
- Consideration should also be given to the Data Protection Act 1998 which requires that information is obtained and processed fairly and lawfully; that it is accurate, relevant and not held for longer than is necessary; and kept securely.

2.3 Handling and Safekeeping of Disclosure Information:

- As an organisation using the Disclosure and Barring Service (DBS) to help assess the suitability of applicants for positions of trust, The Hunt Academy For Young Actors, complies fully with the DBS Code of Practice regarding the correct handling, use, storage, retention and disposal of Disclosures and Disclosure Information.
